

HARRIS MOUNTAINS HELI-SKI

QUEENSTOWN
WANAKA
MOUNT COOK

2010

UNTRACKED SINCE 1970

Welcome to Harris Mountains Heliski

Ever been heli-skiing? It's the ultimate snow experience for any skier or boarder. Interested? Then let us take you into the heart of the Southern Alps - a world above and beyond all others...

You're standing in the middle of an untouched powder-kissed paradise; you click in to your bindings, take a deep breath of pure mountain air and contemplate the majesty of your surroundings. You push off and glide into exhilaration. Powder flies, adrenaline pumps and you soon become a tiny figure amongst the silence and enormity of the mountains. Another run, another

exciting flight as you're whisked up to the top of another peak. Your guide leads you safely to the day's best snow. A gourmet picnic with an unbeatable view and it's time to do it all again. This is heli-skiing - the perfect escape from the everyday.

You may be a first time heli-skier or a max vert regular, it doesn't matter. With exclusive access to terrain stretching from Queenstown to Mt Cook, Harris Mountains Heli-ski (HMH) will find the perfect terrain to suit your ability. We are QUALMARK rated so you can be assured of a high level of quality and service with Harris Mountains Heli-Ski.

THE SOUTHERN ALPS

*the
perfect
escape
from
the
everyday*

*If you can ski,
you can heliski*

Ideally you are a strong intermediate skier/boarder or better, with a sense of adventure. Harris Mountains Heliski (HMH) has exclusive access to extensive terrain in Queenstown, Wanaka and Mount Cook. Easy rolling terrain for powder first timers, wide open bowls, challenging chutes and steep valleys for the more experienced. You'll be part of a group of four led by a guide who is committed to your safety and enjoyment of this alpine environment. Complete our Ability Questionnaire at our office or on our website www.heliski.co.nz to help establish the best group for you.

THE LAST FRONTIER

An aerial photograph of a vast, snow-covered mountain range. The terrain is rugged and covered in deep snow, with a winding trail visible in the center. In the distance, a small cabin or structure is visible on a ridge. The sky is clear and blue. The text 'THE LAST FRONTIER' is overlaid on the left side of the image in a bold, blue, sans-serif font.

Heli-skiing works like this

- Early in the morning we check the weather and then we contact you.
- If it's on, we'll pick you up and take you to the staging area where you're introduced to your pilot, guide and fellow heli-skiers.
- A safety briefing is given covering avalanche transceivers, helicopter and mountain safety, then you fly off to the first heli-ski run.
- All groups meet for a gourmet buffet lunch with time to relax.
- The afternoon is back to the ultimate - more heli-ski runs

If weather conditions preclude flying you can reschedule to the next day. Reservations must be reconfirmed by 6.00pm the day prior to flying. It is wise to book well in advance especially during our peak season.

QUEENSTOWN

The Southern Hemisphere's finest four season alpine and lake resort. World renowned Queenstown is at once breathtakingly beautiful and intensely exciting. Established and sophisticated, the range of activities and adventures here is unsurpassed.

WANAKA

Translating from Maori as 'renewal of the soul', Wanaka is an exquisite piece of real New Zealand. The mountains surrounding this laid back town offer high backcountry terrain and stunning scenery. Après ski is alive and well in the many bars and cafes of the town centre.

MOUNT COOK

New Zealand's highest peak is the majestic focal point of the Southern Alps. The Alps feature twenty-two other peaks higher than 3,050 metres. Harris Mountains Heli-ski has exclusive access to some of New Zealand's best heli-ski terrain in this extraordinary region.

IMPORTANT INFORMATION

Heli-ski /Heli-board Guides

Our guides are the best in the business. Over thirty years of operation has honed the skills of our professional and dedicated team. They are UIAGM / NZMGA certified and/or specialists in mountain safety. They are chosen for their ability to provide you with an exciting and memorable Heli-Ski experience. In addition to their technical qualifications, they have strong interpersonal and communication skills and a genuine love of the sport of skiing. Languages spoken by our guides include Japanese, French, Spanish and German.

Safety

The only consideration more important to us than Heli-skiing is your safety and well-being during your time with us. Our safety infrastructure provides you with an unsurpassed level of safety and service. Guides are well trained in avalanche hazard evaluation and control, route selection, weather analysis, emergency first aid, mountain survival, rescue and ski instruction techniques. Radio repeaters give us voice communication throughout the Heli-ski area. Snowpack and weather are analysed daily and forecasts made accordingly, with slope assessment conducted prior to skiing. Our professionally trained helicopter pilots have specific experience flying in New Zealand's alpine environments, and all of our crew are qualified to ensure your safety both in the air and on the ground during heli-skiing. We

are QUALMARK rated so you can be assured of a high level of quality and service with Harris Mountains Heli-ski.

Equipment

Alpine skis, telemark skis, or snowboards are all welcome. Slide on whatever you are most comfortable with. The new wide body powder skis are great for all abilities. Many of our guides use these and they're wonderful for those wanting to go longer and harder in more advanced terrain. All equipment can be hired locally.

What to bring

Warm clothing, gloves, good eyewear, sunscreen and camera.

Snow and Weather Conditions

Heli-skiing / boarding takes place in an alpine environment above the tree line and is weather dependent. When booking, we suggest you register with us for daily heli-skiing as soon as you arrive in the area and allow some flexibility in your schedule. Snow in the backcountry can vary from fine powder to crud to beautiful spring corn. Check with us for the latest conditions.

OUR BOOKING CONDITIONS

Simply contact our office, your specialist travel agent or visit us online at www.heliski.co.nz . It is advisable to make reservations for heli-skiing well in advance.

Payment:

Confirms your booking and is due -

- 1) Daily Heli-skiing - by 6pm the day before
 - 2) Harris Mountains Heliski Multi Day Odyssey Programme - 21 days before arrival
- Bad weather can prevent flying; reconfirmation must be made by 6.00pm the day prior to flying / heli-skiing.*

Cancellations

- 1) Daily Heli-skiing - Full refund can only be guaranteed if cancellation received 24 hours prior to skiing. Inside 24 hours full payment is applied.
- 2) Harris Mountains Heliski Odyssey Programme - Full refund is given if cancellation received 21 days before arrival.

Refunds

If adverse weather prevents flying, your money will be fully refunded. If some heli-skiing has been possible but less than the runs booked, you will be refunded at NZD\$100 per run not skied.

Refunds are not given due to injury, lack of ability or fitness.

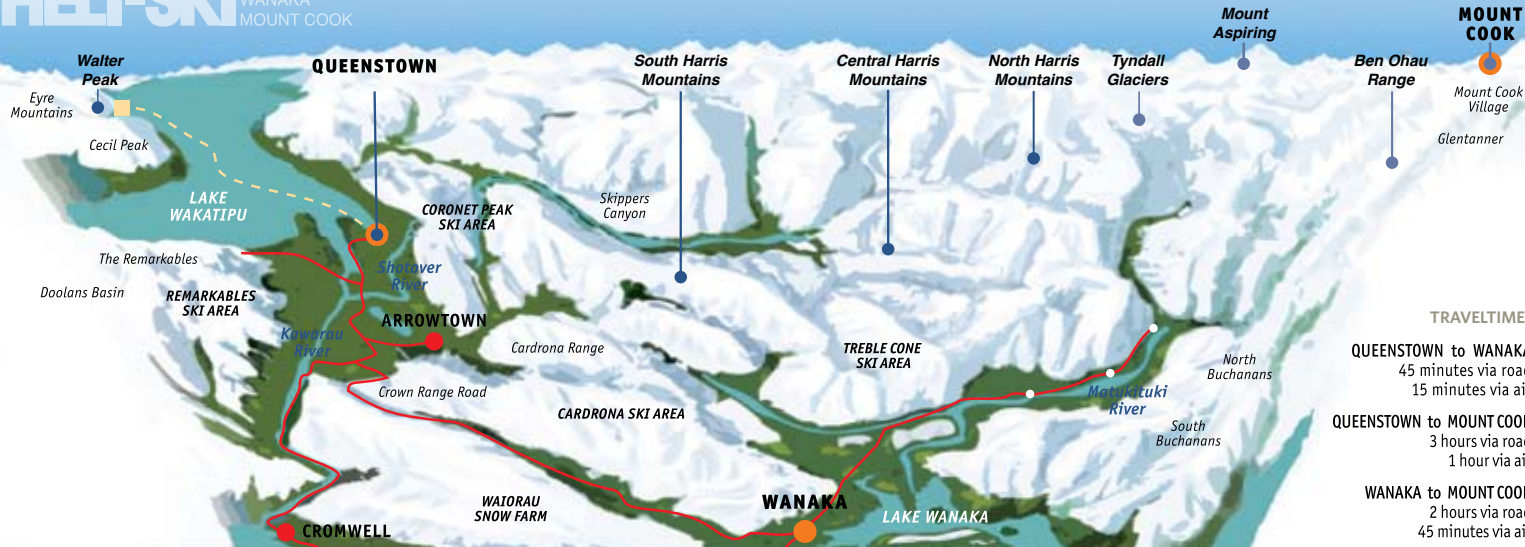

Prices

Prices are per person and in New Zealand dollars. Inclusive of 12.5% GST (goods & services tax)
